1. Coin Flip

- **Frequency:** 4 sections on the wheel

- **Gameplay:** An easy coin with a red side and a blue side is flipped by a device. Before the flip, multipliers are arbitrarily appointed to both sides of the coin. Whichever color lands face up identifies the winning multiplier for that round.

2. Pachinko

- **Frequency:** 2 sectors on the wheel
- **Gameplay:** Inspired by the conventional Japanese arcade game, players are required to a large Pachinko wall filled with pegs. The live host drops a puck from the top, and it bounces down randomly up until it lands in one of the slots at the bottom, each consisting of a multiplier. If the puck lands on a "Double," all multipliers on the board double, and the puck is dropped once again.

3. Money Hunt

- **Frequency:** 2 sections on the wheel
- **Gameplay:** This is a shooting gallery-style interactive reward round. A screen displays 108 random multipliers hidden behind numerous signs (such as a cactus, a target, or a sheriff's hat). Gamers utilize a crosshair to pick one sign before the timer goes out. When time ends, all symbols reveal their covert multipliers, and the gamer wins whatever multiplier they focused on.

4. Crazy Time

- **Frequency:** 1 section on the wheel
- **Gameplay:** The supreme perk round takes gamers behind a red door into a surreal, huge virtual world featuring an even larger benefit wheel. Players must select among 3 flappers (Green, Blue, or Yellow). The host spins the wheel, and the gamer wins the multiplier where their picked flapper stops.
