- **Pachinko:** A glowing puck is dropped down a huge Pachinko wall filled with pegs. The puck bounces randomly up until it lands in a slot at the bottom, awarding the multiplier showed in that slot (or a "Double" which doubles all multipliers and triggers another drop).
- **Cash Hunt:** A shooting gallery screen appears containing 108 random multipliers hidden behind different signs. Players take aim and fire a virtual cannon to expose their individual multiplier.
- **Crazy Time:** The ultimate bonus round. Gamers are transported through a red door into a dynamic, virtual world featuring a massive huge wheel. Players should choose one of three flappers (Green, Blue, or Yellow).

The wheel spins, and anywhere their selected flapper lands determines their reward, which can reach up to 20,000 x.

Demo Play vs. Real Money Play

Transitioning from a demo environment to live play requires a shift in mindset. While the mechanics stay similar, the psychological and monetary elements change significantly.
