The Four Thrilling Bonus Rounds

The true heartbeat of Crazy Time games is discovered in its 4 interactive benefit rounds. When the wheel arrive at one of these segments, players who placed a wager on that bonus offer are transported from the primary studio into a secondary augmented-reality mini-game.

1. Coin Flip

- **The Setup:** A basic red and blue coin is turned by a mechanical flipper.
- **How it Works:** Before the flip, each side of the coin is designated a random multiplier. Whichever color lands face-up pays out that multiplier to the player. It is the most frequent reward round, providing fast-paced action.

2. Money Hunt

- **The Setup:** A huge screen displaying a shooting gallery filled with 108 random multipliers.
- **How it Works:** The multipliers are covered by various symbols (such as a cactus, a target, or a sheriff's badge) and then shuffled. Players are offered a limited countdown timer to aim and fire a cannon at a symbol of their choice, revealing the multiplier hidden beneath it.

3. Pachinko

- **The Setup:** A huge Pachinko wall featuring a glowing pegboard and a series of drop zones at the bottom.
- **How it Works:** The host drops a puck from the top of the wall. As it bounces arbitrarily off the pegs, it ultimately lands in one of the slots at the bottom, which includes a multiplier. If the puck arrive on a "DOUBLE" slot, all multipliers on the board double, and the puck is dropped once again for enormous possible wins.

4. Crazy Time

- **The Setup:** The host opens a red door, exposing a gigantic, mind-bending virtual world including a giant wheel with 64 segments.
- **How it Works:** Players select among three flippers (Green, Blue, or Yellow). The host spins the wheel, and whichever section the chosen flipper indicate is the winner. Just like Pachinko, landing on "DOUBLE" or "TRIPLE" increases all the worths on the wheel and sets off a re-spin, leading up to the video game's maximum cap of 20,000 x.
