What is Crazy Time?

At its core, Crazy Time is a live dealer video game constructed around a massive, 52-segment vertical wheel. A charismatic live host spins the wheel while connecting with gamers via a live chat function. The objective is simple: players bank on which number or bonus offer round the wheel will arrive on.

However, what sets Crazy Time apart from standard table video games or standard money wheels is the **Top Slot**. Above the main wheel, a two-reel slot spins simultaneously with every game round. This slot appoints a random multiplier to a specific bet area. If the wheel arrive at that area and the multiplier hits, the resulting payment is significantly increased, in some cases resulting in incredible wins.

The Wheel Breakdown

Understanding the layout of the wheel is the primary step for any player. The 52 sectors are distributed amongst numbers (1, 2, 5, and 10) and 4 unique bonus games.

Segment Type Number of Segments on Wheel Payment Odds **Number 1** 21 1:1 **Number 2** 13 2:1 **Number 5** 7 5:1 **Number 10** 4 10:1 **Coin Flip** 4 Perk Game **Money Hunt** 2 Perk Game **Pachinko** 2 Perk Game **Crazy Time** 1 Perk Game

As revealed in the table, the numbers appear even more often on the wheel than the perk games. Subsequently, the perk video games are harder to strike, however they offer the video game's highest possible payouts.

2. Money Hunt

- **How it works:** Players face an enormous screen showing 108 random multipliers hidden behind shooting gallery signs (like a duck, a star, a hat, and so on). A countdown timer starts, and each player should aim and fire a cannon at the symbol they think hides the greatest multiplier. When time expires, all symbols reveal their concealed worths.

3. Pachinko

- **Frequency:** 2 sectors on the wheel.
- **How it works:** Inspired by the standard Japanese arcade video game, players are caused a big Pachinko wall filled with physical pegs. The host drops a puck from the top, and it bounces arbitrarily down the board till it lands in among several multiplier slots at the bottom. If the puck lands in a "DOUBLE" slot, all multipliers on the board double, and the puck is dropped once again.

4. Crazy Time

- **How it works:** The host opens a red door, leading players into a dynamic, virtual wonderland behind the wall. Here, players see a massive virtual wheel with three flappers (green, blue, and yellow). Gamers choose among the flappers. The host presses a big red button to spin the wheel. Whichever multiplier the selected flapper points to is awarded. Much like Pachinko, landing on "DOUBLE" or "TRIPLE" increases the worths on the wheel for a re-spin.
