With 4 unique mini-games embedded onto the wheel, gamers are provided multiple layers of engagement that go far beyond a basic spin.

- **Reel 1** screens a sector of the wheel (either a number or a bonus offer game).
- **Reel 2** displays a multiplier (varying from 2x approximately 50x).

If the sign on the very first reel aligns horizontally with the multiplier on the 2nd reel, that multiplier is used to the corresponding segment for that round. If the wheel lands on that specific sector, all wins for that result are

multiplied. This feature is where the capacity for enormous payments comes from.
