What is Avia Masters?

Avia Masters is a contemporary, arcade-style multiplier game developed by BGaming. The core concept is uncomplicated: an airplane removes, and as it gets altitude, a multiplier increases in real-time.

The objective is simple yet awesome: cash out your payouts before the airplane flies off the screen, crashes, or runs out of fuel. If a player fails to cash out in time, their stake for that round is lost. It is a game of pure suspense, quick decision-making, and threat management.

How the Game Works: Step-by-Step

Playing Avia Masters for real cash is straightforward, but comprehending the mechanics is crucial for safeguarding the bankroll. Here is a breakdown of a basic game round:

1. **Place a Bet:** Before the flight begins, the player picks their wager quantity within the designated wagering window.
2. **Takeoff:** The aircraft launches into the sky, accompanied by sound impacts and an increasing multiplier meter.
3. **Ascension:** As the plane climbs up higher, the prospective payout multiplier grows (e.g., 1.1 x, 2x, 5x, 20x, and beyond).
4. **The Cash Out:** The gamer must hit the "Cash Out" button before the round ends. Successful cash-outs quickly award the bet multiplied by the current worth.
5. **The Crash:** At a completely random point determined by a Provably Fair Random Number Generator (RNG), the flight ends.
