This extensive guide explores how the game works, why it has ended up being so popular, and how gamers can approach it properly.

What is the Aviator Game?

Developed by Spribe, Aviator is a social multiplayer game coming from the "crash game" category. The concept is refreshingly straightforward: a red airplane removes, and as it climbs, a multiplier boosts constantly.

The goal for the player is simple-- place a bet and cash out before the aircraft arbitrarily flies away. If a player effectively squanders before the crash, they win their stake multiplied by the current figure on the screen. However, if the plane flies away ("crashes") before the player hits the cash-out button, the bet is lost.
