In a wagering environment, 2 players (or a gamer and the "house") place wagers before throwing their signs simultaneously. The winner takes the pot (minus a cottage rake, if played at an online platform).

Game Format	How Ties Are Handled	Approximate House Edge
Best of One	Money refunded on a tie; re-throw	1%-- 3% (by means of platform rake)
Best of Three	Re-throw only the tied round	2%-- 4%
Fixed Odds (vs. House)	House wins all ties	Up to 15% (Unfavorable)

- **The Counter:** Anticipate this shift and pick the indication that defeats their likely next relocation.

3. Making use of the Winner's Stays
