A single slipped tile might not look like much from the pavement, yet it can let in enough water to stain a ceiling and soak loft insulation surprisingly quickly. Cardiff roofs face a hard life, with a wet climate, Atlantic winds, driving rain and freeze and thaw cycles all taking their toll through the year. Redland Roofing Cardiff is an independent, family-run roofing business from South Wales, and for over 30 years we have been repairing roofs across Cardiff and South East Wales from our base in Rumney, east Cardiff. Most of the repair calls we receive fall into three groups. Leaks come first, and the cause is not always where the water appears inside. Damaged or missing tiles, cracked flashing around chimneys and skylights, blocked gutters, worn valleys, failed lead work and cracked flat roof surfaces or opened joints are all common culprits. Slipped, broken and missing tiles are the second group, often loosened by age or high winds. Storm damage is the third, and it can mean anything from a few lifted tiles to ridge tiles, dry verge or flashing that has been torn away. As experienced roofers in Cardiff, we trace the problem back to its source rather than simply patching the symptom. Every repair starts with a free, no-obligation assessment. We look at the roof properly, explain what we have found in plain language and show you photos, and sometimes videos, of the problem so you can see it for yourself. As a rough guide from our own FAQ, minor repairs such as replacing a few broken tiles typically start from around £150 to £300, while more significant work like storm damage or flashing repairs tends to run from £300 to £800 or more. Every roof is different, so we always confirm the cost in a clear written quote with no hidden costs. We repair Victorian terraces in Roath, Cathays and Canton, interwar semis in Rhiwbina and Whitchurch, and newer homes in Pontprennau and https://andysasz087.alderbrief.com/posts/canton-and-pontcanna-roofers-cardiff-protecting-bay-fronted-homes Thornhill.

FAQ About

Roofers Cardiff How much should I pay for roof repairs in Cardiff? It depends on the damage, the roof type and access. As a rough guide, Redland Roofing Cardiff price minor jobs such as replacing a few broken tiles from around £150 to £300, while storm damage or new flashing usually runs from £300 to £800 or more. Every quote is free and written down before any work starts, so there are no surprises. How can I tell a dodgy roofer from a good one? Be wary of anyone who knocks on the door uninvited, pushes for cash up front or claims the whole roof needs replacing without showing you why. A reputable Cardiff roofer will give a written quote, explain the guarantee, confirm they are insured and show you photos of the problem. Redland Roofing Cardiff do all of this as standard on every job. Who are some reputable roofers in Cardiff? Look for an established local firm with a long track record and plenty of genuine reviews. Redland Roofing Cardiff are an independent, family-run business that has served Cardiff and South East Wales for over 30 years and holds a 4.8-star rating from more than 200 Google reviews. They are based at 1 Trecinon Road in Rumney and cover the whole city. Does my roofer have to give me a guarantee in writing? You should always ask for it. Redland Roofing Cardiff set out the guarantee on labour in every written quote, and materials carry manufacturer warranties where applicable. If anything isn't right after the job, the team come back and put it right. How do I know if a roofer is any good? Check recent reviews, ask how long they have been trading and see whether they explain the problem clearly before quoting. Redland Roofing Cardiff customers often mention being shown photos of the issue, quick next-day repairs and tidy, polite teams. A roofer who recommends a repair rather than an unnecessary replacement is usually a good sign. What questions should I ask my roofer before work starts? Ask what exactly is wrong and how they know, what the written quote includes, how long the job will take, whether they are insured and what guarantee you get. For a full re-roof, ask how the house will be kept dry overnight. Redland Roofing Cardiff leave roofs watertight at the end of every working day and give a clear timeline before starting. How long does a roof last in Wales? Welsh rain, coastal winds and freeze-thaw cycles all shorten roof life. A well-installed concrete or clay tile roof can last 40 to 60 years with maintenance, and good slate can outlast the building. Felt flat roofs tend to last 10 to 15 years, while EPDM rubber, which Redland Roofing Cardiff specialise in, can last 25 to 30 years or more. What usually causes a roof to leak? The most common culprits on Cardiff homes are slipped or missing tiles, cracked flashing around chimneys, blocked gutters, worn valleys and failed lead joints. On extensions and garages, flat roofs often leak where the surface has cracked or a joint has opened. Redland Roofing Cardiff trace the source first so you only pay to fix the

real problem. Do I need planning permission to replace my roof in Cardiff? A like-for-like replacement on a standard house usually falls under permitted development. In conservation areas such as Pontcanna, parts of Roath and Llandaff, on listed buildings, or if you are changing materials, you may need consent from Cardiff Council. Redland Roofing Cardiff can advise on this during the free assessment. How quickly can a roofer come out in an emergency? Redland Roofing Cardiff run a 24/7 emergency service across Cardiff and South East Wales for storm damage and sudden leaks. The aim is to get someone to you as quickly as possible and make the roof watertight. Call 07884 013048 at any time of day or night. How long does a full roof replacement take? A standard terraced or semi-detached house in Cardiff typically takes 2 to 4 days, weather permitting. Larger detached homes, such as many in Cyncoed and Lisvane, or roofs with complex shapes usually take 4 to 7 days. Redland Roofing Cardiff confirm the timeline in writing before work begins.
